

Confirmation Testimonies

Hello church,

My name is Rosie Johnson. I am 13 years old, I'm in 7th grade in Easton Middle School. I was baptized at my old church in VA. I went to Sunday school my whole life and worshiped. I went to VBS and volunteered there. I went to family camp two times before the big flood happened. I have really felt more connected with God and the church since I started confirmation. Some of the main things that Jesus did to me which made an impact on me was choosing confirmation and being confirmed. I felt more faithful because Jesus changed how I live. My relationship is better than it used to be because I have been listening to more Christian music.

In the future I will listen to more Christian music and read the Bible more.

Rosie Johnson

My name is Luke Malasi. I'm in the 8th grade and I attend Easton Middle School. Ever since I was a baby, I've lived here in Easton and attended this church with my family. I was baptized here and I've been to Vacation Bible School along with Sunday School, staying active within this church community.

Confirmation made me ask more questions and want to learn more about the religion itself. Unexpectedly enough, my curiosity led to even more questions being asked.

Even though I ask a lot of things, I know that Jesus loves us deep down without a second thought. After confirmation class I want to stay positive and kind, just how Jesus wanted everyone else to be.

Luke Malasi

Hello Church,

My name is Pierre Clark, and this is my confirmation testimony. My parents and I have been coming to this church for the past several years. Even before starting confirmation last year, I already believed in Jesus. I believe Jesus is the Messiah because He is kind, pure, and without sin. My parents told me about Jesus and read me bible stories at bedtime. My mom even named me after my grandfather, who was head of a Christian church in the DRC Congo.

As long as I can remember, I've had a relationship with God. I've also been involved in church activities like Junior Church, the Christmas pageant, helping with the shoe drive, and volunteering at VBS. Being part of these things has helped me grow in my faith and feel connected to this community.

My journey with God actually started before I could even understand it. I was born prematurely, and my lungs weren't fully developed, so I had to stay in the NICU for three extra months. My parents had to go home while I stayed in the hospital although they visited me daily. During that time, my parents, siblings, extended family, and friends were all praying for me. My parents even stayed overnight at the hospital whenever they were allowed.

They prayed for me every single day, and when I was finally able to go home, we all knew it was a miracle. Because I was so fragile as a baby, my parents had to be very careful about who I was around, which delayed my baptism. I wasn't baptized as a baby, but now I'm really grateful that I get to choose God for myself through confirmation.

During my confirmation journey, I've learned a lot more about the Bible in a deeper way—from stories like the Good Samaritan and the rest of Jesus' parables. I've really enjoyed spending Sunday evenings with my peers, Pastor Ryan, Mrs. Cheryl, and Mr. Peter. This experience has helped me understand God's Word better and grow stronger in my faith.

Even though confirmation is coming to an end, I'm thankful for everything I've learned and experienced. I'm excited to keep growing in my relationship with God and continuing my faith journey.

Pierre Clark

Hello, my name is Gunnar McNeil. I'm an eighth grader from Easton Middle School. Before confirmation began, I was baptized, attended Sunday School, went to Vacation Bible School, spent multiple weeks at Camp Squanto, and so much more. Confirmation has given me knowledge about the Bible and it has helped me learn who I am as a follower of Christ. Over the course of fourteen years, Jesus has had a large impact on my life. As my friend and teacher, Jesus has taught me to face my fears and allow others to experience my spiritual gifts. As confirmation ends, I intend to habitually read my Bible, as well as pay more attention to myself and others. Confirmation has done wonders for me, and so far, there is no end to be seen.

Gunnar McNeil

My name is Antonio Gomes, I am in 7th grade and I go to the O'Donnell Middle School. As a baby I was baptized at this church, my mom has gone to this church all her life and now me and my sister go to it as well. When I was younger I went to VBS and now I volunteer at it. Every year for a while I have gone to Camp Squanto. Growing up with a mom who went to church, naturally I went with her. This meant that I always believed that God was real, but I never really had any sort of relationship with him. Confirmation has helped me get that missing piece. Now I feel that I understand God better and have a more personal relationship with him. One of my favorite Bible verses is Mark 12:41-44 which says, "Jesus sat down opposite the place where the offerings were put and watched the crowd putting their money into the temple treasury. Many rich people threw in large amounts. But a poor widow came and put in two very small copper coins, worth only a few cents. Calling his disciples to him, Jesus said, 'Truly I tell you, this poor widow has put more into the treasury than all the others. They all gave out of their wealth; but she, out of her poverty, put in everything—all she had to live on.'" This Bible verse really stuck because while I was at camp we acted out this verse. This verse speaks to me because it shows that giving something, no matter how small, makes a difference and means something to someone. For Christmas I got the book of Psalms, and I want to try to read all of them by the end of the year, one Psalm a day. This is because I think that the Psalms have a lot of wisdom in them and that I could learn a lot from them.
