Managing Momentum, Mission, Ministry

*a conversation & workshop on leaning into strengths & avoiding
pitfalls*

Presented by Doug Bixby

Participants in this Higher Elevations workshop will explore pathways for establishing and sustaining positive momentum in the ministry of your church. Some churches have the ability to create momentum but they struggle to sustain it. The inability to effectively manage conflict, anxiety, and decision making can keep a congregation from moving forward in a positive direction. We will talk about eight momentum builders that will help your church to create and sustain positive momentum in your ministries. The ultimate goal is to move from meetings to ministry, and from conflict to community.

Doug Bixby is the author of three books: Challenging the Church Monster, The Honest to God Church, and Navigating the Nonsense. He is the Senior Pastor of the Evangelical Covenant Church in Attleboro, Massachusetts and a part-time church consultant working primarily with Covenant and Congregational churches in New England.
